FOR IMMEDIATE RELEASE:

### **THE MISSNER GROUP SELECTED TO EXPAND ILLINOIS BONE & JOINT INSTITUTE'S DOWNTOWN LOCATION**

(Des Plaines, Illinois) – The Missner Group is pleased to announce that the firm has been selected for a substantial renovation and expansion project at the Illinois Bone & Joint Institute (IBJI) located at 111 N. Canal Street in Chicago.

“We are pleased to work with the Illinois Bone & Joint Institute on another one of their projects. The Missner Group has had a longstanding relationship with IBJI, spanning over a decade of constructing numerous projects,” said Glen Missner, president of The Missner Group. “We are familiar with IBJI’s operations, commitment to their clients and what is necessary in providing the very best level of healthcare. The renovations planned for the Canal Street offices will create a comfortable, modern, state-of-the-art medical space from which IBJI can better serve their clients.”

The 2,900 square foot expansion and renovation project for IBJI will consist of extensive interior improvements including the creation of an open ceiling plan throughout the space, the construction of a new physical therapy gym, private therapy suites, a sleek and modernized reception area, coupled with upgraded bathroom facilities. In addition, new paint and flooring will be incorporated throughout the space, which will also feature intricate and custom millwork.

Heath Yarger is the project manager and Steve Bulger is the project superintendent for The Missner Group. Stephen Rankin Associates is providing the architectural services. The project is scheduled for completion in summer 2017.

A leader in orthopedic care in the Chicago metropolitan area with more than 20 locations, IBJI specializes in the diagnosis, treatment and management of injuries and diseases of the musculoskeletal system. The Missner Group has completed numerous projects for IBJI including locations in Chicago, Lincolnwood, Morton Grove, Wilmette, Glenview, and Des Plaines, Illinois.
