FOR IMMEDIATE RELEASE:

THE MISSNER GROUP COMPLETES RENOVATION FOR BERMAN SUBARU IN CHICAGO

(Des Plaines, Illinois) – The Missner Group is pleased to announce the firm has completed a major two building renovation on behalf of Berman Subaru located at 4330 and 4444 Irving Park Road in Chicago. The remodel consists of improvements to the office, reception, and service areas of the dealership.

The project encompassed a total of 40,000 square feet and included 13,000 square feet of extensive office updates and modernizations, as well as significant improvements to the sales and showroom spaces. In addition, a 22,000 square foot new, state-of-the-art service area was constructed, which includes nine service bays and offers a drive-in customer service center, café and WiFi lounge for a unique customer experience. The Missner Group also installed a new HVAC system, mechanical operations germane to the auto industry and the latest in LED lighting throughout the entirety of the dealership.

“We are excited to have constructed a dealership that better serves the customers of Berman Mid-City Subaru,” said Robert Papineau, senior project manager for The Missner Group. “We have completed numerous auto dealership assignments from renovations to ground-up facilities and are cognizant of the industry’s needs while maintaining the highest levels of safety and quality. We wish the Berman family the utmost success in their newly upgraded space.”

Papineau led the project on behalf of The Missner Group with Bill Uchyn serving as project superintendent. Becker Architects provided the architectural services.

About The Missner Group

The Missner Group, headquartered in Des Plaines, Illinois, provides comprehensive and integrated real estate development and construction services throughout the Chicagoland and Midwestern markets. The firm, established in 1945, has completed more than \$1 billion in construction projects, and has orchestrated the development of more than 10 million square feet of commercial and industrial real estate.
