

FOR IMMEDIATE RELEASE:

THE MISSNER GROUP ANNOUNCES FIRST QUARTER LEASES

(Skokie, Illinois) – The Missner Group is pleased to announce the completion of five lease renewals in Niles, Des Plaines, and Lisle, Illinois. Angela Aeschliman, CPM, CCIM, and senior vice president of property management for The Missner Group presided over all lease negotiations.

Two of the lease renewals were completed at Howard Industrial Center located at 6350-6450 West Howard Street in Niles, Illinois. Data Communications Management, a leading provider of business communications solutions, renewed 20,028 square feet, and Specialty Print Communications, Inc., a direct marketing company, renewed 20,000 square feet. Both firms cited the location and quality of the facility for their lease extensions.

In Des Plaines, Illinois, The Missner Group renewed a 6,481 square foot lease with Epic Products, Inc. within the Touhy Industrial Plaza. Located at 500 East Touhy Avenue, the producer of wine, spirits and party accessories chose to remain at the facility based on its location and attentive property management. Finally, The Missner Group also completed a 1,455 square foot renewal with Porsche Financial Services and a 1,320 square foot renewal for Synergy Computer Solutions, Inc., an information technology consulting company, in the Olympian Office Center located at 4343 Commerce Court in Lisle, Illinois. The Missner Group acquired the property last year and is currently implementing extensive upgrades to the property.

“We pride ourselves on customer service and in providing our tenants with work environments that provide optimal locations, as well as productive and high-quality, modernized work environments,” said Aeschliman. “Building success is measured not only by attracting new tenants to a property, but also in establishing strong relationships with existing tenants. We are pleased to have the opportunity to continue to serve our newly renewed tenants.”

About The Missner Group
