To Whom It May Concern:

Autohaus first came to know The Missner Group in the 1950's when the firm's founder, Irving Missner, oversaw construction of numerous projects for our auto dealership network. Since then, The Missner Group has continued to provide our company with unparalleled construction services which are consistently on-time and within budget.

It isn't often that you come across an organization that endures the test of time while maintaining its core values. However, The Missner Group has continued to provide Autohaus with the highest level of quality, expertise and integrity. The dedication of the firm's principals from Irv Missner on through the generations is remarkable as well as evident in the construction's results.

As satisfied customers, we will continue to select The Missner Group as the contractor for our future construction needs. We also confidently recommend The Missner Group for your next construction project. If you have any questions, or would like to discuss our experiences with The Missner Group in further detail, please feel free to contact me directly.

Sincerely,
